

Sonnenberger-Meeting

For all Ex-Zivis, Praktis, Paedagogical Staff...

Tagungs-Nr.: 24114

All Ex-Sonnenberger (Zivis, Praktis, Paedagogical Staff, Interpreters) and their families or interested friends are welcome!

The topic of the meeting will be: To re-discover the Sonnenberg.

It's not a seminar in the classical meaning, but more a get-together of interesting people that all have one thing in common: they all are/were Sonnenberger.

We want to visit the highlights of the Harz: Goslar, Brocken, St. Andreasberg...but most of all see each other again after a long time and share experiences, in brief: Re-discover the Sonnenberg. And perhaps we can also contribute to the future of Sonnenberg with our ideas.

Find actual Information on the conference website www.sonnenbergertreffen.de.

SONNENBERG-PORTRAIT

As a non-governmental Education and Conference Centre, the International Haus Sonnenberg (IHS) has been offering seminars and conferences for youth, adults and families from Europe and the whole world for more than 50 years. Moreover our attractive venue can be booked for workshops, congresses and other sorts of events or celebrations.

The non-profit association "Sonnenberg-Kreis e.V.", founded in 1958, is the responsible organisation of our institution since 2003. In cooperation with the „International Sonnenberg Association“ (ISA), a network of Sonnenberg member organisations in numerous countries, we regularly plan and facilitate international conferences and encounters with participants of several different nationalities.

We consider our organisation a place where children, youth and adults from different regions and nations come together to learn with and from another.

The central issue of our work is the question, how the life of people everywhere in the world can be lived responsibly in a peaceful and sustainable manner.

Besides we regularly offer training courses for teachers and multipliers, interdisciplinary congresses on educational issues, conferences for people with disabilities as well as study trips and seminars in other countries.

We are pleased to create individual offers referring to your wishes. Please don't hesitate to contact us!
